ANNEX Definition of terms

1 Policy statement

- 1.1 At the Partnership, in keeping with our ethos and values, we are committed to protecting the personal data we collect about you which we acquire directly or indirectly from you.
- 1.2 Everyone has rights with regard to the way in which their **personal data** is handled. During the course of the Partnership's activities as maintained nursery schools and children's centres we will collect, store and **process personal data** about our children, our staff, parents and others. This makes us a **data controller** in relation to that **personal data**.
- 1.3 We are committed to the protection of all **personal data** and **special category personal data** for which we are the **data controller**.
- 1.4 Under the current Data Protection Act 2018 there are strict guidelines on how we process and safeguard your personal data, thus if the Partnership fails to manage your data lawfully we will be fined substantially
- 1.5 All members of staff must comply with this policy when **processing personal data** on our behalf. Any breach of this policy may result in disciplinary or other action.

2 About this policy

- 2.1 The types of **personal data** that we may be required to handle include information about children, parents, our staff, and others that we deal with. The **personal data** which we hold is subject to certain legal safeguards specified in the General Data Protection Regulation ('GDPR') and the Data Protection Act 2018.
- 2.2 This policy and any other documents referred to in it set out the basis on which we will **process any personal data** we collect from **data subjects**, or that is provided to us by **data subjects** or other sources.
- 2.3 This policy does not form part of any employee's contract of employment and may be amended at any time.
- 2.4 This policy sets out rules on data protection and the legal conditions that must be satisfied when we process **personal data**.

3 Definition of data protection terms

- 3.1 All defined terms in this policy are indicated in **bold text**, and a list of definitions is included in the Annex to this policy.

4 Data Protection Officer

- 4.1 We are required to appoint a Data Protection Officer ("DPO"). Our Data Protection Officer is Deepti Bal who can be contacted via DPO.Bal@bsp.london.

4.2 The DPO is responsible for ensuring compliance with the Data Protection Legislation and with this policy. Any questions about the operation of this policy or any concerns that the policy has not been followed should be referred in the first instance to the DPO.

4.3 The DPO is also the central point of contact for all **data subjects** and others in relation to matters of data protection.

5 Data protection principles

5.1 Anyone **processing personal data** must comply with the data protection principles. These provide that **personal data** must be:

5.1.1 **Processed** fairly and lawfully and transparently in relation to the **data subject**;

5.1.2 **Processed** for specified, lawful purposes and in a way which is not incompatible with those purposes;

5.1.3 Adequate, relevant and not excessive for the purpose;

5.1.4 Accurate and up to date;

5.1.5 Not kept for any longer than is necessary for the purpose; and

5.1.6 **Processed** securely using appropriate technical and organisational measures.

5.2 **Personal Data** must also:

5.2.1 be **processed** in line with **data subjects'** rights;

5.2.2 not be transferred to people or organisations situated in other countries without adequate protection.

5.3 We will comply with these principles in relation to any **personal data** we process

6 Fair and lawful processing

6.1 Data Protection Legislation is not intended to prevent the **processing of personal data**, but to ensure that it is done fairly and without adversely affecting the rights of the **data subject**.

6.2 For **personal data** to be **processed** fairly, **data subjects** must be made aware:

6.2.1 that the **personal data** is being **processed**;

6.2.2 why the **personal data** is being **processed**;

6.2.3 what the lawful basis is for that **processing** (see below);

6.2.4 whether the **personal data** will be shared, and if so with whom;

- 6.2.5 the period for which the **personal data** will be held;
 - 6.2.6 the existence of the **data subject's** rights in relation to the **processing** of that **personal data**; and
 - 6.2.7 the right of the **data subject** to raise a complaint with the Information Commissioner's Office in relation to any **processing**.
- 6.3 We will only obtain such **personal data** as is necessary and relevant to the purpose for which it was gathered, and will ensure that we have a lawful basis for any **processing**.
- 6.4 For **personal data** to be **processed** lawfully, it must be **processed** on the basis of one of the legal grounds set out in the Data Protection Legislation. We will normally **process personal data** under the following legal grounds:
- 6.4.1 where the **processing** is necessary for the performance of a contract between us and the **data subject**, such as an employment contract;
 - 6.4.2 where the **processing** is necessary to comply with a legal obligation that we are subject to, (e.g. the Education Act 2011);
 - 6.4.3 where the law otherwise allows us to **process** the **personal data** or we are carrying out a task in the public interest; and
 - 6.4.4 where none of the above apply then we will seek the consent of the **data subject** to the **processing** of their **personal data**.
- 6.5 When **special category personal data** is being processed then an additional legal ground must apply to that processing. We will normally only **process special category personal data** under following legal grounds:
- 6.5.1 where the **processing** is necessary for employment law purposes, for example in relation to sickness absence;
 - 6.5.2 where the **processing** is necessary for reasons of substantial public interest, for example for the purposes of equality of opportunity and treatment;
 - 6.5.3 where the **processing** is necessary for health or social care purposes, for example in relation to child with medical conditions or disabilities; and
 - 6.5.4 where none of the above apply then we will seek the consent of the **data subject** to the **processing** of their **special category personal data**.
- 6.6 We will inform **data subjects** of the above matters by way of appropriate privacy notices which shall be provided to them when we collect the data or as soon as possible thereafter, unless we have already provided this information such as at the time when a child joins us.

- 6.7 If any **data user** is in doubt as to whether they can use any **personal data** for any purpose then they must contact the DPO before doing so.

Vital Interests

- 6.8 There may be circumstances where it is considered necessary to **process personal data** or **special category personal data** in order to protect the vital interests of a **data subject**. This might include medical emergencies where the **data subject** is not in a position to give consent to the **processing**. We believe that this will only occur in very specific and limited circumstances. In such circumstances we would usually seek to consult with the DPO in advance, although there may be emergency situations where this does not occur.

Consent

- 6.9 Where none of the other bases for **processing** set out above apply then the school must seek the consent of the **data subject** before **processing** any **personal data** for any purpose.
- 6.10 There are strict legal requirements in relation to the form of consent that must be obtained from **data subjects**.
- 6.11 When children and/or a member of staff joins the Partnership they will need to complete a consent form. This consent form deals with the taking and use of photographs and videos of them, amongst other things.
- 6.12 In relation to all children under the age of 12/13 years old we will seek consent from an individual with parental responsibility for that child.
- 6.13 If consent is required for any other **processing of personal data** of any **data subject** then the form of this consent must:
- 6.13.1 Inform the **data subject** of exactly what we intend to do with their **personal data**;
 - 6.13.2 Require them to positively confirm that they consent - we cannot ask them to opt-out rather than opt-in; and
 - 6.13.3 Inform the **data subject** of how they can withdraw their consent.
- 6.14 Any consent must be freely given, which means that we cannot make the provision of any goods or services or other matter conditional on a **data subject** giving their consent.
- 6.15 The DPO must always be consulted in relation to any consent form before consent is obtained.

- 6.16 A record must always be kept of any consent, including how it was obtained and when.

7 Processing for limited purposes

- 7.1 In the course of our activities as a Partnership, we may collect and **process** the **personal data** set out in our Schedule of Processing Activities (Information Inventory). This may include **personal data** we receive directly from a **data subject** (for example, by completing forms or by corresponding with us by mail, phone, email or otherwise) and **personal data** we receive from other sources (including, for example, local authorities, other schools, parents, other children or members of our **workforce**).
- 7.2 We will only **process personal data** for the specific purposes set out in our Schedule of Processing Activities or for any other purposes specifically permitted by Data Protection Legislation or for which specific consent has been provided by the data subject.

8 Notifying data subjects

- 8.1 If we collect **personal data** directly from **data subjects**, we will inform them about:
- 8.1.1 our identity and contact details as **Data Controller** and those of the DPO;
 - 8.1.2 the purpose or purposes and legal basis for which we intend to **process that personal data**;
 - 8.1.3 the types of third parties, if any, with which we will share or to which we will disclose that **personal data**;
 - 8.1.4 whether the **personal data** will be transferred outside the European Economic Area ('EEA') and if so the safeguards in place;
 - 8.1.5 the period for which their **personal data** will be stored, by reference to our Retention and Destruction Policy;
 - 8.1.6 the existence of any automated decision making in the **processing** of the **personal data** along with the significance and envisaged consequences of the **processing** and the right to object to such decision making; and
 - 8.1.7 the rights of the **data subject** to object to or limit processing, request information, request deletion of information or lodge a complaint with the ICO.
- 8.2 Unless we have already informed **data subjects** that we will be obtaining information about them from third parties (for example in our privacy notices), then if we receive **personal data** about a **data subject** from other sources, we will provide the **data subject** with the above information as soon

as possible thereafter, informing them of where the **personal data** was obtained from.

9 Adequate, relevant and non-excessive processing

9.1 We will only collect **personal data** to the extent that it is required for the specific purpose notified to the **data subject**, unless otherwise permitted by Data Protection Legislation.

10 Accurate data

10.1 We will ensure that **personal data** we hold is accurate and kept up to date.

10.2 We will take reasonable steps to destroy or amend inaccurate or out-of-date data.

10.3 **Data subjects** have a right to have any inaccurate **personal data** rectified. See section 12 below which covers a data subject's rights.

11 Timely processing

11.1 We will not keep **personal data** longer than is necessary for the purpose or purposes for which they were collected. We will take all reasonable steps to destroy, or erase from our systems, all **personal data** which is no longer required.

12 Processing in line with data subject's rights

12.1 We will **process** all **personal data** in line with **data subjects'** rights, in particular their right to:

12.1.1 request access to any **personal data** we hold about them;

12.1.2 object to the **processing** of their **personal data**, including the right to object to direct marketing;

12.1.3 have inaccurate or incomplete **personal data** about them rectified;

12.1.4 restrict **processing** of their **personal data**;

12.1.5 have **personal data** we hold about them erased

12.1.6 have their **personal data** transferred; and

12.1.7 object to the making of decisions about them by automated means.

The Right of Access to Personal Data

12.2 **Data subjects** may request access to all **personal data** we hold about them. Such requests will be considered in line with the schools Subject Access Request Procedure.

The Right to Object

- 12.3 In certain circumstances **data subjects** may object to us **processing** their **personal data**. This right may be exercised in relation to **processing** that we are undertaking on the basis of a legitimate interest or in pursuit of a statutory function or task carried out in the public interest.
- 12.4 An objection to **processing** does not have to be complied with where the Partnership can demonstrate compelling legitimate grounds which override the rights of the **data subject**.
- 12.5 Such considerations are complex and will always be referred to the DPO upon receipt of the request to exercise this right.
- 12.6 In respect of direct marketing any objection to **processing** must be complied with.
- 12.7 The Partnership is not however obliged to comply with a request where the **personal data** is required in relation to any claim or legal proceedings.

The Right to Rectification

- 12.8 If a **data subject** informs the Partnership that **personal data** held about them by the Partnership is inaccurate or incomplete then we will consider that request and provide a response within one month.
- 12.9 If we consider the issue to be too complex to resolve within that period then we may extend the response period by a further two months. If this is necessary then we will inform the **data subject** within one month of their request that this is the case.
- 12.10 We may determine that any changes proposed by the **data subject** should not be made. If this is the case then we will explain to the **data subject** why this is the case. In those circumstances we will inform the **data subject** of their right to complain to the Information Commissioner's Office at the time that we inform them of our decision in relation to their request.

The Right to Restrict Processing

- 12.11 **Data subjects** have a right to "block" or suppress the **processing** of **personal data**. This means that the Partnership can continue to hold the **personal data** but not do anything else with it.
- 12.12 The Partnership must restrict the **processing** of **personal data**:
 - 12.12.1 Where it is in the process of considering a request for **personal data** to be rectified (see above);
 - 12.12.2 Where the Partnership is in the process of considering an objection to processing by a **data subject**;
 - 12.12.3 Where the **processing** is unlawful but the **data subject** has asked the Partnership not to delete the **personal data**; and

- 12.12.4 Where the Partnership no longer needs the **personal data** but the **data subject** has asked the Partnership not to delete the **personal data** because they need it in relation to a legal claim, including any potential claim against the Partnership.
- 12.13 If we, the Partnership, have shared the relevant **personal data** with any other organisation then we will contact those organisations to inform them of any restriction, unless this proves impossible or involves a disproportionate effort.
- 12.14 The DPO must be consulted in relation to requests under this right.

The Right to Be Forgotten

- 12.15 **Data subjects** have a right to have **personal data** about them held by the Partnership erased only in the following circumstances:
 - 12.15.1 Where the **personal data** is no longer necessary for the purpose for which it was originally collected
 - 12.15.2 When a **data subject** withdraws consent - which will apply only where the Partnership is relying on the individuals consent to the **processing** in the first place
 - 12.15.3 When a **data subject** objects to the **processing** and there is no overriding legitimate interest to continue that **processing** - see above in relation to the 'Right to Object'
 - 12.15.4 Where the **processing** of the **personal data** is otherwise unlawful
 - 12.15.5 When it is necessary to erase the **personal data** to comply with a legal obligation
- 12.16 The Partnership is not required to comply with a request by a **data subject** to erase their **personal data** if the **processing** is taking place:
 - 12.16.1 To exercise the right of freedom of expression or information;
 - 12.16.2 To comply with a legal obligation for the performance of a task in the public interest or in accordance with the law;
 - 12.16.3 For public health purposes in the public interest;
 - 12.16.4 For archiving purposes in the public interest, research or statistical purposes; or
 - 12.16.5 Where there is a legal claim.
- 12.17 If the Partnership has shared the relevant personal data with any other organisation then we will contact those organisations to inform them of any erasure, unless this proves impossible or involves a disproportionate effort.
- 12.18 The DPO must be consulted in relation to requests under this right.

Right to Data Portability

12.19 In limited circumstances a **data subject** has a right to receive their **personal data** in a machine readable format, and to have this transferred to other organisation.

12.20 If such a request is made then the DPO must be consulted.

13 Data security

13.1 We will take appropriate security measures against unlawful or unauthorised processing of **personal data**, and against the accidental loss of, or damage to, **personal data**.

13.2 We will put in place procedures and technologies to maintain the security of all **personal data** from the point of collection to the point of destruction.

13.3 Security procedures include:

13.3.1 Entry controls

- IT assets are disposed of in accordance with the Information Commissioner's Office guidance on the disposal of IT assets.

13.3.4 Equipment

Staff will ensure that individual monitors do not show confidential information to passers-by and that they 'lock-out' from their screens when their PC is left unattended.

13.3.5 Working away from the school premises

The Partnership's working practice and IT network system is set up so that there is minimal need to carry documents off-site. On the occasions where this is necessary our policy and procedures require

that as much as possible, documents are stored electronically, and storage media used, such as memory-sticks, mobile phones etc. are encrypted

Where paper documents with personal data must be carried away from the school premises staff must comply with the school's Code of Conduct' which requires that documents are kept safe and secure within a suitable carrier and are not placed down in any public arena, not left visibly in their vehicle for short periods of absence, and not left in their vehicle overnight.

13.3.6 Document printing

At the Partnership the staff is required to use the 'secure' print facility on their printer when printing documents containing **personal data**, alternatively they must collect such documents immediately from the printer if this facility does not exist.

- 13.4 Any member of staff found to be in breach of the above security measures may be subject to disciplinary action.

14 Data Protection Impact Assessments

- 14.1 The Partnership takes data protection very seriously, and will consider and comply with the requirements of Data Protection Legislation in relation to all of its activities whenever these involve the use of personal data, in accordance with the principles of data protection by **design** and **default**.
- 14.2 In certain circumstances the law requires us to carry out detailed assessments of proposed **processing**. This includes where we intend to use new technologies which might pose a high risk to the rights of **data subjects** because of the types of data we will be **processing** or the way that we intend to do so.
- 14.3 The Partnership will complete an assessment of any such proposed **processing** and has a template document which ensures that all relevant matters are considered.
- 14.4 The DPO will always be consulted as to whether a data protection impact assessment is required, and if so how to undertake that assessment.

15 Disclosure and sharing of personal information

- 15.1 We may share **personal data** that we hold about **data subjects**, and without their consent, with other organisations. Such organisations include the Department for Education, Ofsted, health authorities and professionals, the Local Authority, other schools and other organisations where we have a lawful basis for doing so.
- 15.2 The Partnership will inform **data subjects** of any sharing of their **personal data** unless we are not legally required to do so, for example where **personal data** is shared with the police in the investigation of a criminal offence.

15.3 In some circumstances we will not share safeguarding information. Please refer to our Child Protection Policy.

15.4 Further detail is provided in our Schedule of Processing Activities.

16 Data Processors

16.1 We contract with various organisations that provide services to the Partnership including:

We will always undertake due diligence of any **data processor** before transferring the **personal data** of **data subjects** to them.

16.4 Contracts with **data processors** will comply with Data Protection Legislation and contain explicit obligations on the **data processor** to ensure compliance with the Data Protection Legislation, and compliance with the rights of **Data Subjects**.

17 Images and Videos

17.1 The Partnership does not permit images or videos to be taken by parents or any other unauthorised individual, using any recording media, including mobile phones, whilst on our site for safeguarding reasons.

17.2 As a Partnership we do want to celebrate the achievements of our children and therefore we will take images of the children at specific events or during

observation. We may want to use images and videos of our children within promotional materials, or for publication in the media such as local, or even national, newspapers covering school events or achievements. **We will seek the consent of parents where appropriate, before allowing the use of images or videos of children for such purposes.**
